

Online Transformation Package

Customer Portal

Electronically sign the new 'Public Liability for remote dance classes as a result of the Corona virus (COVID 19) pandemic March 2020' agreement on the Customer Portal.

It is called ThinkSmartPortal & looks like this on my phone

If you didn't download it when you registered to renew membership, let me know & I will unregister you & re-send a link to register again, the details will still be there but it will mean you can then download the app.

Once you're on the ThinkSmart Customer Portal app it should automatically ask you to sign any agreements you've not yet signed, and you can check under 'Agreements' on the menu.

Live/Interactive

ThinkSmart are releasing new functionality to be able to deliver live sessions via DanceBiz & Zoom – more details ASAP

In the meantime, we'll launch competitions and interactive activities via social media

Private Facebook Group

In order to access our full suite of online content, students and/or customers (parents) will need to join our private Facebook group.

If you don't use Facebook ordinarily, you can just set up a profile purely to join our private group.

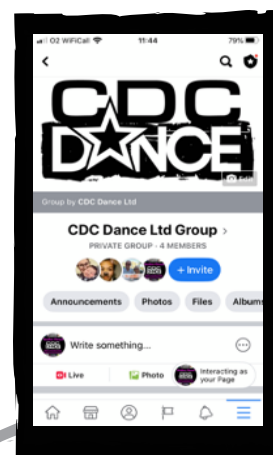

I'll post the links to all the Unlisted YouTube videos on the private Facebook 'CDC Dance Ltd Group', so if your child who usually attends Monday Acrobatic Arts fancies learning some Hip Hop moves, they'll be able to. Or if mum & dad want to see what happens in a STRONG By Zumba® class - you can check it out.

Here's the link to request to join:

<https://www.facebook.com/groups/CDCDanceLtdGroup>

You will be asked to answer some questions by one of the moderators (me/Miss Drew) to confirm membership.

It is essential you answer all the questions when you request to join & that you confirm you have signed the new agreement on the portal – we can't approve you without this being done.

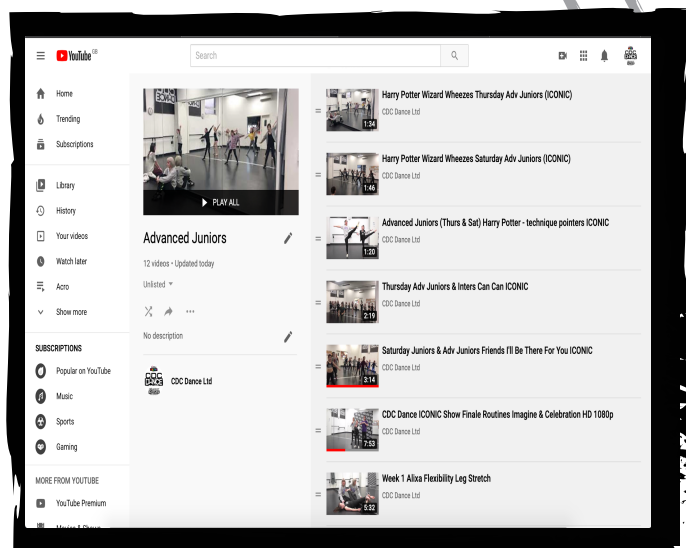

New YouTube Channel

I am loading the videos as 'Unlisted' on a new, private CDC Dance Ltd YouTube channel, meaning that only those people who I share the link with will be able to access them.

All of the links are being shared with the Facebook group to watch and partake in at your leisure.

Each of the 65 videos we've loaded so far have been added to a series of playlists, so dancers and parents can find everything easily, as each video will appear in multiple playlists, including Class Group, Day, Discipline etc. The playlists were sent to customers by email & not listed here as not publicly available.

Here's a screenshot of the Advanced Juniors playlist, but some of the videos will also appear in the Thursday playlist, and the Inters playlist

YouTube TV App

If you have the YouTube app on your tv - go to the YouTube settings on the left-hand side and select link with tv code

You'll then be given a code

Open YouTube on your phone/iPad & click your profile, settings and watch on tv

Enter the code you've been given, and the Chromecast icon will appear at the top

When you click on the video just press the icon and it should automatically link to the tv
